

**For Immediate Release**

**Statement From MLBPA Executive Director, Michael Weiner,  
Regarding Hall of Fame Veterans Committee Election Results**

**New York, NY, Monday, December 7, 2009...**The following statement was issued today by Major League Baseball Players Association Executive Director, Michael Weiner, regarding the Hall of Fame Veterans Committee for Executives and Pioneers election results.

“We are disappointed that the committee selected by the National Baseball Hall of Fame to consider such matters once again did not elect Marvin Miller to the Hall. Very few individuals have had as significant or as positive an impact upon the history of baseball as Marvin. That impact has been and will be recognized by those who lived through and will study the game’s history. The Hall remains incomplete without Marvin’s plaque.”
